MAKE UP MILANO

**"Made in Italy" Excellence    Bio & Mineral**

Unika Make-up Milano by Sorgenta is a product "Made in Italy" at the forefront, thus giving the consumer the safety of a tested and quality product in full compliance with the dermatological safety and presence of heavy metals, according to the safety standards established by the international community. The raw materials are dermatologically tested and guaranteed, with a constant quality control of the products, and a careful selection in all the production phases.

Bio products consist of raw materials of biological origin. Mostly powdered or compact products, thanks to their particular texture they give a perfect result in total respect of the skin, even if sensitive or prone to imperfections. The pigments and micas used being naturally derived, are hypoallergenic, with tolerability for the skin. The very low particle size allows the product to adhere perfectly to the epidermis, making it light to apply.

**Free Pigments**

Free pigments with an intense color, intensely reflective and finely ground. They create elegant glitter effects with very bright colors, thanks to the pearl colored powder. The free pigments can be used in many different ways:

as an eyeshadow they give a glamorous eye make-up, as an illuminator on the eyeshadow they create refined accents. The colors can be applied individually or mixed together.

The fine consistency makes it easy to apply and blend.

# EYES EYE SHADOWS COMPACT

€ 8,99

Eye Shadow Compact

With the aim of formulating products with strictly selected raw materials, this line of products is born, suitable even for the most sensitive skin. High pigmentation and writing, excellent spreadability, high resistance and particular and elegant shades.

Luminous finish, thanks to the presence of treated pearls, which are mixed with a satin color for an effect of light and reflections. Compact eyeshadows have different ranges of color but they are united by a soft and silky texture.

Its formula enriched with aloe vera, sweet almond oil and vitamin E makes it possible to achieve high softness and hydration. Thanks to an extremely thin and incredibly adherent film, it has excellent hold and intensity.

## FACE CREAM TO POWDER FOUNDATION / 30 ML

**€ 21,99**

### Cream to Powder Foundation

Thanks to a special processing, it obtains a homogeneous, silky and covering base, which gives the skin a transparent and natural effect. The ultra-fine powders, mixed with trace minerals and silicones, guarantee maximum smoothness and ease of application.

leaving the skin as if wrapped in a soft satin veil: a feeling that lasts all day.

It covers imperfections, giving a smooth, velvety, natural and flawless appearance. Suitable even for the most sensitive skin.

# FACE FOUNDATION / Long lasting / 30 ml UNIKA MAKE UP MILANO

**€ 17,99**

**Foundation Matte 8h  
Long Lasting**

The peculiarity of this product compared to a normal fluid foundation is its duration of 8 hours on the skin, as it consists of a long-lasting texture, even in adverse weather conditions. Made up of special raw materials, it allows the skin to always be well hydrated and not have the mask effect, which is very often unwanted.

Thanks to the micro-spheres of pigments it allows to have a sensibly smooth skin and an even complexion.

## FACE NATURAL EFFECT FLUID FOUNDATION / 35 ml

**€ 17,99**

**Natural Effect Fluid  
Foundation**

A liquid foundation that allows for flexible light

to medium coverage, and a natural, flawless finish. With Vit. E which performs two important functions:

at very low doses it prevents oxidation and at higher doses it has an antioxidant action for the skin.

from the center of the face outwards with upward movements to go up along the features.

## FACE FOUNDATION Stick /35 ml

UNIKA  
MAKE UP MILANO

€ 13,99

### Stick Foundation

Foundation with a light and non-greasy texture that blends perfectly with the skin and gives a flawless velvety appearance. It comes in a very easy to use stick. Retinyl Palmitate is present, which rapidly penetrates through the skin and cell membranes, resulting in an increase in collagen production, with an improvement in the "support structure" which gives tone and elasticity to the skin.

Vitamin E and its esters have a high antioxidant activity because they are able to dampen the reactivity of free radicals, blocking the cascade of events that cause oxidative stress that causes damage to skin cells.

## FACE FOUNDATION / 7 gr
