

**PRODUCT NAME**

Garcinia – Supplement for Weight Balance with Ganoderma

CODE

INTF007

SIZE

60 Tabs x 800mg (48g)

DESCRIPTION

Garcinia is a dietary supplement designed to support appetite control and weight management. Its formula combines Garcinia Cambogia and Ganoderma, two synergistic ingredients that help regulate the feeling of hunger and support metabolism, promoting balance and overall well-being. Thanks to its natural action, it helps counteract overeating and maintain constant energy levels, making it a valuable ally in weight management programs and a healthy lifestyle.

DIRECTION FOR USE

Take 1 tablet twice a day, preferably half an hour before main meals, with a glass of water.

INGREDIENTS

Garcinia Cambogia dry extract titrated to 60% hydroxycitric acid. Bulking agents: Magnesium stearate, microcrystalline cellulose. Ganoderma Lucidum.

WARNINGS

Do not exceed the recommended daily dose.

Keep out of reach of children under 3 years of age.

Supplements should not be considered as substitutes for a varied and balanced diet.

It should be used as part of an adequate low-calorie diet, combined with a healthy lifestyle and a good level of physical activity.

If the diet is followed for prolonged periods, longer than 3 weeks, it is recommended to consult a doctor.

STORAGE

Store in a cool, dry place, away from light. The minimum shelf life refers to the product in its unopened package, properly stored.
